

## Tabletop Banders

- Easy to startup, operate, and maintain
- Lightweight, compact design
- Automatic or manual activation
- Runs clear plastic, brown or white paper
- Available in 30mm or 40mm band width
- Up to 25 bands per minute

The JD series of banding machines offer a versatile and compact design in a table top model. These lightweight, compact units provide reliable heat seal banding using either paper or plastic materials. The machines are very simple to operate and maintain and are much more efficient than manual hand banding processes. Standard features include:

- Adjustable Tension
- Adjustable heat seal temperature
- Automatic or manual activation
- Side and back guide plates

## The Easy, Time-Saving Way To Paper Band Products

Felins, the first name in quality tying and bundling equipment now brings you the quick and simple way to paper band products - the Felins JD-240 Automatic Paper Taping Machine. A tabletop unit, the JD-240 offers uniform, secure banding of a wide variety of products, from delicate wedding invitations to die cut labels, mail, currency, posters, business cards and brochures.

The JD-240 uses white or brown paper tape with a heat seal adhesive to ensure a tight seal without leaving a stain or residue on the bundled product. Several times faster than hand banding (up to 25 cycles per minute), the unit requires very little table space, is simple to thread and operate, and economical to use.

Each machine is calibrated for a single width of tape, and features a patented mechanism for smooth tape feeding and taping. Available calibrated for 20 mm, 25 mm, 30 mm or 40 mm.

**Also Available:  
The JD-150F  
For Plastic Tape Banding**

*Need a clear plastic band for premium products? The JD-150F utilizes a clear cast polypropylene tape, heat seal, to bundle pharmaceuticals, food packages, lottery tickets, or anything for which a clear band is desirable.*

### Performance

**Banding Size:** Maximum width 9.3" (240mm), minimum 1.16" (30mm)  
**Banding Speed:** 25 cycles/minute

### Specifications

**Height:** 15.6" (400mm), table height 8.8" (230mm)  
**Width:** 16.9" (435mm)  
**Depth:** 11.2" (287mm)  
**Weight:** 51 lbs. (23 kg)  
**Power Supply:** 115 VAC, 50-60 Hz

### Specification of Kraft Paper Tape
